- And develop unity among the Rohingya Christians.

We spread the Gospel to the unbelievers and believers in various ways: Those who are accessible we approach them, and for those who are inaccessible, we proclaim them online through sermon videos, biblical written posts, phone calls, and zoom calls. For those who go through depression, we give biblical counseling and necessities to vulnerable believers who are truly in need. For the extension of the kingdom of God, we equip the younger generation through effective Bible study and biblical sound doctrine. We take seriously any unfair act committed against the Rohingya Christian and raise our voices against it until justice is prevail. We make basic biblical curriculums for the children.
